### APPEARING OLD

Acts as a Bar to Profitable Employ-  
ment.

You cannot afford to grow old.  
In these days of strenuous competition  
it is necessary to maintain, as long as  
possible, one's youthful appearance.  
It is impossible to do this without re-  
taining a luxurious growth of hair.  
The presence of Dandruff indicates the  
presence of a burrowing germ which  
lives and thrives on the roots of the  
hair until it causes total baldness.  
Newbro's Herpicide is the only known  
destroyer of this pest, and it is as effec-  
tive as it is delightful to use.  
Herpicide makes an elegant hair dress-  
ing as well as Dandruff cure.  
Accept no substitute—there is none.  
Sold by leading druggists. Send 10c. in  
stamps for sample to The Herpicide Co.,  
Detroit, Mich.  
Eagle Drug Store, 351-353 Bond St.,  
Owl Drug Store, 540 Com. St., T. F.

## WANT BAN REMOVED

### Anti-Age Limit League Is Formed in Chicago.

### VETERANS HEAD MOVEMENT

Object of the Organization Is to Have  
the Age Limit Barrier Removed by  
Act of Congress and by Appeal to  
Employers Not Devoid of Sentiment.

Chicago, Oct. 18.—With the object of  
removing the ban upon wage workers  
by the "Cruel and unnatural age limit,"  
and assisting them in securing employ-  
ment, an anti-age limit league com-  
pleted and announced its organization  
yesterday in Chicago. Efforts will be  
made to remove age barriers by congres-  
sional enactment.

The league opened offices in the Re-  
public building. It is described as an  
association of veterans of the Civil and  
Spanish American wars and other citi-  
zens who have reached the proscribed  
age limit of 45 years.

James F. Downey is president of the  
league and Benjamin Giroux, who was  
a captain of sharpshooters during the  
Civil war and a member of the old Chi-  
cago Light Guard, is the secretary and  
treasurer.

A circular describing the objects of  
the league says:

"The doors of the league are open to  
all honest and industrious and reputable  
men, especially those who have passed  
the proscribed age limit of 45 years. It  
will lead the fight against age ostracism  
by congressional enactment and  
seek the creation of a wholesome senti-  
ment among such employers who have  
not altogether forgotten that true hap-  
piness is found most surely in honest  
labor.

The league will place particularly be-  
fore the government "the persistent os-  
tracism of veterans of the Civil war and  
the Spanish war in that they are re-  
fused the pursuit of their inalienable  
rights to labor in all the departments  
of the national government, in accord-  
ance with their mental and physical  
equipment, irrespective of age."

### HOMICIDES IN MISSISSIPPI

Criminal Record for the Year Something  
Awful to Contemplate.

Mobile, Ala., Oct. 18.—During the  
week there have been 26 homicides in  
Mississippi, which eclipses any record  
that has been made in the state for  
several months and equals the worst  
weekly record of the year. Sunflower  
county gets the credit, or discredit, for  
six of these killings, which occurred  
within a period of two days. Hinds  
county has three homicides scored  
against her, one being of a justifiable  
nature. Simpson county has two and  
the remainder were scattered over the  
state.

It is a statement that admits of no  
dispute that the Mississippi criminal  
record this year has been something  
horrible to contemplate, and exceeded  
by far any record of previous years or  
the days of reconstruction. In some  
counties, especially where a large ne-  
gro population exists, the inhabitants  
seem to have a homicidal mania, and  
human life has become so cheap that  
men are murdered on public roads and  
city highways without a pang of con-  
science or fear of the future.

### CAUGHT WHILE AT PRAYER

Man With Three Wives Apprehended  
While Worshipping.

Birmingham, Ala., Oct. 18.—J. Walter  
L. Franklin was arrested here tonight  
by detectives while taking part in the  
services of the Salvation Army, on the  
charge of bigamy. Franklin is alleged  
to have three wives. His first marriage  
ceremony is stated to have been cele-  
brated in Newport, Ky., Mrs. Cora  
Franklin being given as the wife's  
name.

"About three years ago Franklin came  
to this county and married a relative  
of Deputy Sheriff Reeves at Toodyne,  
Ala. A short time ago he brought his  
second wife and child to Birmingham,  
but soon sent them home to visit re-  
latives. After their departure he is al-  
leged to have married Miss Peachie  
Jones, a pretty 18-year-old Salvation  
Army girl of this city. He was with  
his latest wife when the arrest was  
made, and she was leading a prayer  
service when the officers appeared.

### CHOLERA IN PHILIPPINES

Many Deaths Occur Among the Natives  
During Summer Months.

Washington, Oct. 18.—Asiatic cholera  
has been epidemic in the Philippines  
for the last seven weeks, and there  
have been 553 deaths and 718 cases of  
the disease. It has now disappeared,  
according to official advices received to-

day at the war department. The news  
of the terrible conditions in the Phil-  
ippines has been suppressed by the  
war department, and it was not until  
Saturday that the secretary of war de-  
cided that some information concerning  
the epidemic be made public. The  
deaths chiefly occurred among the na-  
tives, but there were some cases among  
the soldiers at Fort McKinley, just  
outside Manila.

The meager information given out by  
the insular divisions contains no de-  
tails. Governor Wright, in response to  
a cablegram from Secretary Taft, re-  
plied that the cholera had practically  
disappeared.

### CHINK USES A GUN

Endeavors to Collect Wages in a Way  
Not Recognized by Law.

Albany, Oct. 18.—Tom Gee, a Chi-  
naman who served the Harrisburg hotel  
as cook for a few days last week, de-  
cided his afternoon that he did not de-  
sire to remain and demanded his pay  
on short notice. He was informed that  
he would have to wait until the regu-  
lar payday, when he became enraged  
and drawing his artillery in the shape  
of a 45-calibre Colt revolver, threaten-  
ed Landlord Shisler with instant anni-  
hilation if the money was not forthcom-  
ing at once.

This brought about the Chinaman's  
downfall, for Mr. Shisler hurried to  
bring the officers to the house, and the  
armed and threatening Chinaman was  
soon put under restraint and his bat-  
tery of artillery was removed. He was  
given a preliminary hearing in Justice  
of the Peace Levi Douglas' court and  
was bound over to the circuit court  
in the sum of \$300, in default of which  
he was sent to the county jail.

## BIG ORDER PLACED

Southern Pacific Goes After Thou-  
sands of Cars.

### LOCOMOTIVES ALSO WANTED

Big Order Is Placed for Ninety-Pound  
Rails—Three Steamers of Ten Thou-  
sand Tons Each to be Added to Harri-  
man Equipment—One Turbine Type.

San Francisco, Oct. 18.—An order has  
been placed in the east by the South-  
ern Pacific Company, for the largest  
number of cars and rolling stock ever  
given in the history of railroading. The  
order includes 140 locomotives, 9000  
freight cars, 120 coaches and baggage cars,  
12 dining cars and 8 observation cars.  
The last-mentioned cars will be put on  
the fast trains operating on the San  
Pedro line making connections with the  
Union Pacific. An order for 100,000  
pounds of rail has also been placed.  
The standard rail used by the Southern  
Pacific for the last four or five years  
has been eighty pounds. The fast trains  
and heavier traffic it has been deemed  
advisable to put in from now on rails  
weighing ninety pounds. This makes  
the road-bed more secure as the rails  
are six inches deep and makes traveling  
much smoother.

The Harriman system has also now  
on the way three steamers of 10,000  
tonnage each. One of these steamers  
will be a turbine, the first one of its  
size built in the United States. These  
boats will be operated between New  
York, New Orleans and Panama.

## "TONIC" IS POPULAR

But It Causes Trouble in the Y.  
M. C. A. Ranks,

### WHISKEY IS FOUND IN BOTTLE

Football Players Belonging to a Penn-  
sylvania Young Men's Christian As-  
sociation Team Use Too Much Tonic  
While Playing and Give a Snap Away

Pittsburg, Oct. 18.—There is trouble  
in the ranks of the Sewickley Young  
Men's Christian Association owing to  
the discovery that a bottle marked  
"tonic" which was so often used by  
the football players of the association  
after a scrimmage, contains a tonic of  
a very powerful kind; in fact, the kind  
that is ordinarily sold over first-class  
bars at 15 cents a drink. It had been  
noticed that during all the games play-  
ed this season quite a number of play-  
ers received injuries during the game  
which called for play on the part of the  
tonic bottle. It was also noticed that  
the players who were compelled to re-  
sort to the tonic bottle were usually  
the most frisky of the players after the  
game.

Yesterday the secretary of the as-  
sociation, who is a young man, took  
part in the game. He was injured, and  
some one gave him the tonic bottle. He  
took a good stiff swig, gasped, and  
when he got his breath, demanded to  
know what was in that bottle. He was  
told that it contained tonic. "It's not  
so," he yelled; "that's straight whisky."  
There is all kinds of trouble over the  
discovery, and many prominent men  
threaten to take their sons off the  
eleven.

There are ginger worms and  
red-pepper bugs—queer board-  
ers—that have to be looked  
for, not in Schilling's Best, but  
in making it. There are eggs  
of these queer boarders, too  
small to be killed by grinding.  
Don't keep spices warm, or  
they'll hatch.

### Out of Date Plumbing is Unhealthy

If your plumbing is out  
of date, the members of your  
household are constantly risking their  
health. Defective plumbing generates  
germ-bearing sewer gases which pollute  
the atmosphere and cannot help but be  
breathed by the occupants.

Let us examine the condition of your  
plumbing, correct defective piping and  
install the best sanitary fixtures made,  
namely "Standard" Baths and One-piece Lavatories. Our illustrated
